New York Inspires Update

NY Inspires

New York State's Evolving Graduation Requirements

ONE STATEWIDE HIGH SCHOOL DIPLOMA

- New York is moving away from its current diploma structure (Local, Regents, and Regents with Advanced Designation) toward one statewide diploma.
- Advanced academic achievement will continue to be recognized through seals and endorsements.

PROPOSED NEW ROLE FOR REGENTS EXAMS

- Regents exams will no longer be a passing requirement for graduation.
- Students will continue to participate in required statewide assessments in ELA, mathematics, science, and social studies through Regents exams.
- Schools remain responsible for meeting the federal 95% assessment participation requirement.
- NYSED is developing a redesigned high school accountability assessment system, targeted for Spring 2030.

NY Inspires

New York State's Evolving Graduation Requirements

A SHIFT TOWARD COMPETENCY-BASED LEARNING

- The framework emphasizes the NYS Portrait of a Graduate, authentic learning experiences, and career-connected learning.

WHAT THIS MEANS FOR LEVITTOWN

Our existing investments in K–8 Career Exploration, expanded electives with career foundations like Future Teachers, Introduction to Health Professions, College Real Estate, our PostSecondary Fairs, Advanced Placement and dual-enrollment coursework, provide a strong foundation for this transition.

Our focus: Continue preparing students to demonstrate what they know, what they can do, and how they are prepared for a variety of postsecondary paths.
