Dear Levittown School Community,

The district has been made aware of an offensive social media post by an employee. Please know, the sentiments expressed in the post are not those of the district and does not align with the values of the Levittown School District. The post was written on a private social media page and, as with all American citizens, this employee is guaranteed the right to freedom of speech. As this is a matter of personnel, the district cannot comment further.

As we know, following the presidential election and the unprecedented situation that occurred at the U.S. Capitol, emotions are heightened. These past 10 months have been difficult. However, in order to move forward, we must demonstrate our respect and support for one another. We must navigate our differences and advocate for a better, more equitable future.

Thank you for your ongoing support. Let us continue working together to ensure that Levittown's students receive the support and resources they need to be successful now and in that better, more equitable future.

Dr. Tonie McDonald

Superintendent of Schools
