Dear Levittown School Community,

As you saw from Dr. McDonald's letter yesterday, a staff member posted what many perceive to be an offensive and hostile comment on social media. We are disheartened in the content of the message and it does not represent who we are as a district or community. We take this situation seriously and the district is thoroughly investigating the matter.

As we conduct our investigation, we must respect the privacy of all individuals involved. We understand it may be frustrating that the district cannot answer specific questions. However, please know, that the well-being of all parties is our main concern.

We thank you for your patience and support as this matter is investigated. As always, our primary focus and priority remains on the well-being and education of our students.

Regards,

The Members of the Levittown Board of Education

Peggy Marengi, President
Christina Lang, Vice President
Jennifer Messina, Secretary
Marianne Adrienne, Trustee
Dillon Cain, Trustee
James Moran, Trustee
Michael Pappas, Trustee
