

Division Avenue High School
Math Peer Tutoring
120 Division Avenue
Levittown, NY 11756-2997
(516) 434-7150

Math Peer Tutoring is available to students that are struggling in math and would like some one-on-one help.

The tutors are all Division Avenue HS students who are volunteering their time to help their fellow students. The tutors will receive community service hours for their tutoring time.

Tutors and tutees are paired and exchange contact information and then set up mutually convenient meeting times. Tutors and tutees must meet in a public place where there is an adult present. Some suggested places to meet are the DAHS library, Levittown Public library, Room 102 (Tues. – Friday) in the morning.

Tutoring is available for the following math courses: Algebra 1, Geometry Essentials, Geometry, Algebra 2 Essentials, Algebra 2, and pre-calc. Forms to request tutoring services are available on the DAHS website. Completed forms can be turned in to your math teacher or your guidance counselor.

If you have any further questions, please contact Julie Shea at jshea@levittownschoools.com.
