Happy
Birthday

Lee Road joined together in honoring Autism Awareness & Acceptance Month by blowing bubbles for Autism! This 20-year tradition, originating from a New Jersey preschool, promotes awareness and symbolizes joy, hope, and support for those affected by autism. Together, let's spread kindness and understanding, one bubble at a time!

Ms. Pignataro and Ms. Politi's classes had a great time in gym. Scooters are their favorite activity, and last week they got to try the climbing wall.

Students in Mrs. Torre and Ms. Bischof's class have been learning all about Earth and its resources. For Earth Day, they created their own Earth and named five ways they could help our planet.

Celebrating Earth Day in Miss Boyd's class!

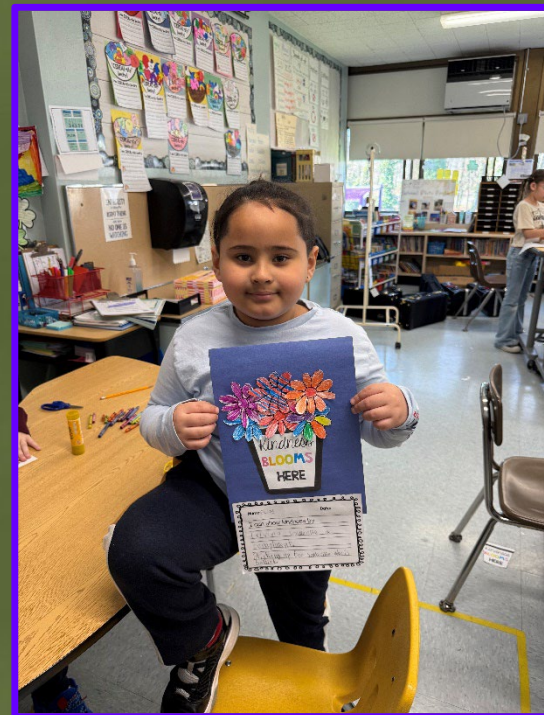

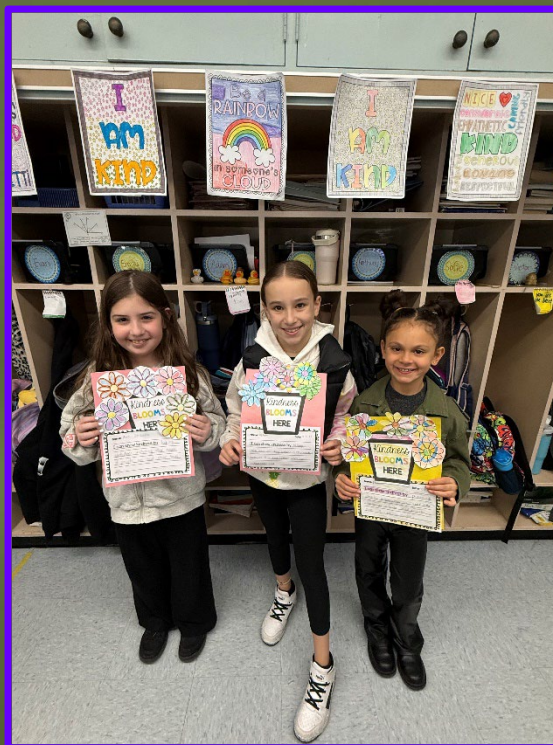

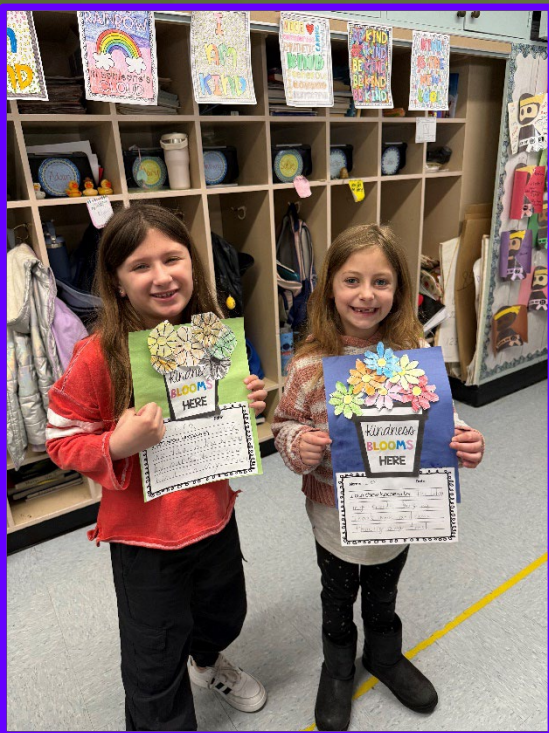

Celebrating Earth Day in Miss Boyd's class!

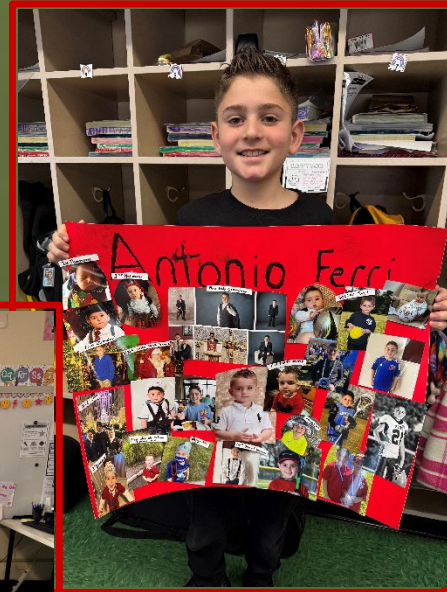

Mrs. Napoli's 4th graders and Mrs. Carione's 2nd graders teamed up for a heartwarming reading of those shoes¹ After exploring the beautiful acts of kindness shown by the characters, our students shared their own ideas for spreading kindness by creating a vibrant "Kindness Garden." Each flower bloomed with thoughtful ways they can make the world a little brighter.

Strike! Spare! Lee Roaders had a great time bowling in the gym. They learned that it is fun to help each other set up the pins and keep score, and that “if you had fun, you won!”

Mrs. Vogel's class recently became published authors! After researching endangered species we each wrote and illustrated our own books to share what we learned. From the mighty tiger to the tiny axolotl, we explored why these animals are at risk and how we can help protect them.

Ms. Sullivan's Superstars Poetry Slam was a *showstopper!* Our young poets took the mic and wowed their peers with powerful words, creativity, and confidence. Snaps all around.
