Dear Parents and Guardians,

The Levittown School District is keeping up to date every day with the rapidly evolving Coronavirus situation and the information provided by Local, State and Federal health authorities. We know that this can be a stressful time for all, especially our children. At this time Nassau County Department of Health and New York State Education Department is allowing the following CPSE services via teletherapy:

- Related Services
- Special Education Itinerant Services (SEIS)

At this time the State and County have not given permission for CPSE Preschools to provide educational services. Additionally, the State in conjunction with the Department of Health continue to suspend all face to face services including home services and evaluations. Your child's provider(s) will be contacting you over the next week to discussed tele-services.

Different providers will be using different modes of communication during this time. Some providers may be engaging in programs like zoom, google hang out and skype. As we move forward with remote services, we will attempt to provide group services as recommended on individual IEP's. If you are uncomfortable utilizing the above platforms in a group scenario please email Mrs. Joanne Kravitz at [jkravitz@levittownschoools.com](mailto:jkravitz@levittownschoools.com) and inform her that you do not want your child to participate in group related services via live options such as zoom. CPSE meetings are continuing to the best of our abilities. As meetings are scheduled you will receive notification.

Further information regarding Corona Virus, contact information, and resources can be found on the District website at <http://www.levittownschoools.com/resources/parent/corona-virus/>

As always, the Levittown District is here to support you and your child. Please reach out if you have questions or concerns.

Sincerely,

*Susan Farber*
