Principals Report: Dr. Maurer not much to report just want to say Thank You!! He appreciates that all the same core people come out and help at all of our events no matter the size. He is very excited that the fundraiser will be at our school. We were the only building to have in person PTA meetings, and holiday boutiques and all without having any real up ticks in numbers. We have only 25 real school days left and still have some events left. We had a great variety show so glad to have that back. Thank you all again.
