There will be a new UPK program going into effect in Sept.

Reflections: Erica Kerr and Rebecca McCrea honored our reflection winners from Mrs. Schneider's class. I would like to thank the students who participated in this year's National PTA Reflections Program. In 1969, Colorado State PTA President and arts educator MARY Lou Anderson introduced a student art contest that would eventually become reflections, National PTA's cornerstone arts program. In the 50+ years since the program's founding, millions of students have been inspired to participate by reflection on a specific, student-selected theme to create original artwork. There are six different areas that our students can submit an entry to. They are Dance Choreography, Film Production, Literature, Music Composition, Photography, and Visual Arts.
