CHALLENGES OF THE OTHER PILOT PROGRAMS

CKLA	WIT & WISDOM	MY VIEW
<p>The program is designed to be taught mostly whole group in a 120 minute ELA block (Our ELA block is just short of 90 minutes, of which half is small group instruction).</p>	<p>The resources for the program are not yet student or teacher friendly. Requires teachers to create most of the instructional and supporting materials.</p>	<p>Overall teacher dissatisfaction with the program reported by the pilot group.</p>
