Pledge of Allegiance/Moment of Silence – Ms. Messina asked the student liaisons to lead us in the Pledge of Allegiance and to observe a moment of silence to remember all those serving our Country at home and overseas.

III. Report by Cullen & Danowski, LLP –

Mr. Fabiano introduced Don Hoffman from the audit firm Cullen & Danowski, LLP. The beginning of Mr. Hoffman's report was not recorded due to a technical glitch. Mr. Hoffman did report that the District has engaged for a number of year, engaged a 3rd party called C-Biz who do inventory type of work for a lot of school districts on LI. Our testing was mostly related to the C-Biz inventory and the relative accuracy and completeness of that. But, for the IT side, we spent a particular amount of time ensuring that the IT inventory that the staff works with was accurate. To explain, the asset value for your financial statements is almost insignificant, probably the least significant number on your entire financial statements. The reporting where you account for Capital assets is purchases in the general fund as expenditures or Capital projects in the capital projects fund. That accounting needs to be accurate and we found that it has been historically and you've got clean audit reports related to that. So the disconnect that we have found in our testing is in the C-Biz inventory, which had lots of errors in it. This is the inventory that values your inventory for financial statement purposes. Fortunately, it's not the inventory that you're using day to day to run the operations. i.e. 1:1 devices that are used by IT department which has a separate inventory for these. The disconnect with the C-Biz inventory is that either they have not been getting certain information or they haven't been recording it accurately and the departments within the District have not had the opportunity to review the C-Biz inventory to compare it to their records. We've been working with Mr. Fabiano hand in hand to figure out what the next steps are. Our recommendations are 1) Come up with a written plan, documentation, as to who's to do what, including how information should flow to C-Biz. 2) Recommend that the Board of Education develop policies in a couple of areas related to the accounting of capital assets. Primarily the asset values that you're going to capitalize for financial statement purposes, and also guidance as to what's supposed to be tracked by the different departments, i.e. do you want someone to track the 1:1 devices (IPADs) that the District has. That should be delineated in a policy. 3) Work now to spend particular time to understanding what exactly C-Biz does, how they do it, work to correct their inventory as it exists, there are several errors in it. For example, they haven't reported disposals in a number of years. They haven't recorded any music additions. As that's done for this year, work on the procedures to get them accurate information for this fiscal year. The more important part is the departmental inventories should be accurate and maintained well and there is some work to be done there.

Page - 3

Q - Mr. Pappas – The chrome books or IPAD's because they didn't meet the threshold, we cumulatively put them together to record them but they shouldn't have been recorded?

A – Mr. Hoffman – No, actually, it's better that they are recorded. There was an error where some significant purchases were actually recorded twice by C-Biz, but there is nothing in your policy or definition of what is capitalized, that says significant purchases of items below the threshold, purchased as a group, should be capitalized. C-Biz is doing that but they're also capitalizing trivial stuff, i.e. \$500 worth of furniture. I recommend that for financial statement purposes, these significant, 1:1 device purchases should be capitalized and depreciated.

Q – Mr. Pappas – But, as a whole, as a group.

A – Mr. Hoffman – Yes, as a group

Q – Mr. Pappas – When was the last time we did an audit on capital assets?

A – Mr. Hoffman – It hasn't been done, as a internal audit, in at least 10 years.

Q – Mr. Pappas – You've never done it, right? I don't remember doing it either.

A – Mr. Hoffman – No.

Q – Mr. Pappas – How often should that be done?

A – Mr. Hoffman – C-Biz does some physical inventory each year. One of the recommendations is to find out exactly what they're doing, how they're doing it. Part of that work should be inventory work. So, that's an open item. We weren't able to get information as to what exactly C-Biz is doing for the District.

Q – Mr. Pappas – They don't have a list or anything?

A – Mr. Hoffman – Oh they have a list but the list is inaccurate.

Q – Mr. Pappas – I notice you have stuff in here from 1960 to 2022 and the threshold was \$2,000 back in 1960 as well?

A – Mr. Hoffman – I don't know that. But there are old items on the inventory that should be removed.

Q – Mr. Pappas - If the threshold was \$2,000 in 1960, that's probably the equivalent of buying new cars today.

A – Mr. Hoffman – I think at some point, the threshold was lower. Most school districts at this point are using a threshold of \$5,000 and that's because federal guidelines for federal accounting for grant use requires equipment with a value over \$5,000 to go in a capitalized category. And you can, if the capitalization amount is \$5,000 you can still track individual items and you can have a policy of capitalizing significant purchases that the individual items are below that amount but the purchase is significant, like the 1:1 devices.

Q – Mr. Cohen, Counsel – Do you think we should review their contract? It's a bit concerning that they didn't fully cooperate with you, that they made some mistakes. I'd be glad to, from a legal standpoint, review their contract.

A – Mr. Hoffman – It's my understanding that the Business Office is now starting to make inquiries as to what they're doing.

Q – Ms. Lang – So if this company is making all these errors, are they the only company that does this?

A – Mr. Hoffman – They are in most of the school districts that we are involved in. Need to get down to finding out specifics. Were they provided with the documentation? Did somebody review it? Entering an item twice is inexcusable. Did someone give them the obsolete inventory records that the Board had approved so they could adjust their records? Not really sure. One of the recommendations is comparing the C-Biz inventory to the departmental record. IT Department, transportation department both have good records so there are ways to reconcile these numbers.

Q – Ms. Lang – So do we have an action plan?

A – Mr. Fabiano – Yes, absolutely. During this process, we've already been discussing the action that we need to take. C-Biz is also utilized by NYSIR, our insurance company, and as part of our premium, we are entitled to a full blown inventory every 5 years, paid for by NYSIR. Levittown has engaged C-Biz every year, possibly because the inventory is so large. We've set up a meeting with C-Biz, to happen soon, to discuss what it is that we need, more communication between us. We should review their records, including entering information twice and be able to pick that up. When items have been excessed by the Board, we need to communicate that to C-Biz. A positive thing has been the IT department's record keeping has been phenomenal. This is a good time for us to get started on this as we'll be doing a lot of capital projects in the next few years.

Q – Mr. Pappas – so we need to codify our guidelines, telling these people exactly what we want them to do so that we know they are doing it. So, as I understand, assets over \$250 will have a tag on them? Or whatever the threshold is? So if there's a tag with a barcode, how can you scan that twice?

A – Mr. Hoffman – The scanning is used for the departmental inventory for the IT guys to know what they have. It's not necessarily used by C-Biz because C-Biz may not be recording it that way.

Q – Mr. Pappas – we should all be on the same page. How are we going to correct the situation?

A – Mr. Fabiano – we're going to put together a policy manual / procedures manual for the business office and we've already set up a meeting with C-Biz to discuss better flow of information between the two of us and we will move forward from there.

Q – Mr. Pappas – after looking at C-Biz's website and their services listed, what exactly do they do for us?

A – Mr. Fabiano – They are engaged to take stock of our physical inventory as well as review the financial records for things that we are not necessarily asset tagging. A large majority of that are building improvements. One of the areas that we really need to look at is, while a project is underway, the District will be expending funds. There's a category that we put that in from expenditures called "Construction in Progress". Generally, a company like C-Biz is not going to view "Construction in Progress", they only get that information when the project is closed out. So we will be sitting down with them, making sure that there are no future disconnects between things like double entry on a group of computers or IPADS, that they have up-to-date disposal lists from us, making sure they're not carrying inventory on their list that we don't have, and how we account for these projects before they're closed. It's somewhat complicated but not so much so that we won't be able to straighten it out.

Q – Mr. Pappas – I'm glad to hear that. Don, you've been our internal auditor for many years, and have done a fantastic job. The reason I asked you when was the last time, because I always like to look, holding it up to the light, 2 sheets of paper, and seeing the changes and I know

you'll help us get this straightened out. I know you're not here to punish anybody, you're just here to find something that needs correcting and we do it. So, thank you very much for that.

A – Mr. Hoffman – Thank you for that.

Mr. Hoffman continued - the next steps for the District is to put together a Corrective Action Plan within 90 days. That Corrective Action Plan gets filed with SED through their portal system. Our next engagement with the District will be the Annual Risk Assessment, which we perform over the Summer. I expect that report will be in the Fall, as always, and at that point, we'd determine the area for detailed testing next year.

Mr. Hoffman noted that at the Fall meeting, he informed the Board and Central Office of his intention to retire, by the end of 2023. He will be involved in the risk assessment this Summer.

Mr. Winch thanked Mr. Hoffman for his many years of service to the District. The Board of Education concurred. Mr. Winch also thanked Mr. Fabiano and the entire Business Office for all the work they did with the Auditors and for the future work you will do to bring this to a conclusion.

Ms. Messina noted that, in regards to what Mr. Hoffman reported, the school board has created a sub committee for policies so we'll take his suggestions and we will create a policy to match what his suggestions are.

viii. Spring Athletic Standouts - In Auditorium

Division Flag Football – Conference Coach of the Year, Victoria Piscitelli was honored along with her outstanding student, Olivia Agunzo. Coach Piscitelli had these words to say about her team and Olivia: "The girls ended the season as being undefeated conference champs and placing 3rd in Nassau County. They also received the scholar athlete award for achieving academic excellence while participating in a varsity sport. I couldn't of been more proud of outstanding performance this season. But there is one person I would like to put the spot light on and that's Olivia Agunzo. What an incredible pleasure and honor it was to coach Olivia this year. As I sit here contemplating the questions, "How has this athlete contributed or impacted our team"? And what comes to mind is, "how has she NOT contributed and impacted our team in a positive way?!" The amount of dedication, determination and integrity she carries with her on and off the field speaks volumes to the

person she is and how she has been raised. She is always for the TEAM, not herself. Never afraid to ask questions or help another player. To be a leader it takes listening, a lot of listening, work, grace, being coachable, dependable, humble, sacrifice, putting in hours that no one else sees, picking your

head up even when it's the last thing you feel like doing, and the list goes on and on. THIS is who she is... a LEADER. Her drive and competitive edge brought the best out of herself and her teammates during this season. Her unique skills, insights and contributions she brought to the team was always recognized. What she was able to accomplish this season was nothing shy of amazing. Olivia is very deserving of All County, Offensive Player of the Year Award and the Blue Dragon Award. Her dedication and enthusiasm to the sport will never be forgotten. Olivia you deserve this honor. I'm proud of you and wish you the best of luck in your future endeavors. Congratulations.

John Coscia introduced Division Assistant Baseball Coach Steve Robins who recognized the players who had a remarkable regular season record of 20-0. They ended up County Conference 3 champions and Class A County Champions. Conference Coach of the year, Bobby Fehrehbach, recognized his coaching staff as well as his players as they became Nassau County Champions for 2023. All students were awarded Certificates by the Board of Education and Central Office.

ix. Student Liaisons - In Board Room

Superintendent Todd Winch acknowledged the Student Liaison's to the Board of Education and Superintendent's office. "This last recognition tonight is somewhat bittersweet. You may remember back in the fall Mr. Coscia and Mr. Sheehan joined us to share the stories of our two new Board Liaisons. We have been lucky over the past ten months to be graced with their presence, providing updates from our two high schools in order to enhance the connection between our governance team and our students. Those updates have been both informative and entertaining. We appreciate the time they have dedicated to our board meetings and want them to know we will miss them. After June their stories will continue elsewhere. Chris Evans from Division will be attending Boston University for Economics. And Jack Maurer from MacArthur will be attending Georgetown University in the fall, and is currently undecided on his major. We wish them success and happiness as this chapter closes and another one opens. Please join me in congratulating and thanking our Board Liaisons for the 2022-2023 school year, Chris Evans and Jack Maurer.

Jack Maurer - MacArthur HS - On April 27th our dynamic symphonic band, under the direction of Mr. Romano performed several outstanding pieces at our Spring concert for all to enjoy. From May 1st through May 12th, we successfully administered a total of 899 AP exams. On May 16th, we conducted our first ever Breakfast of Champions which was spearheaded by our school climate committee and our co-advisors Mrs. Porris and Mrs. Sanford. We recognized 43 incredible students that were nominated by their teachers because they are respectful, polite and compassionate young adults who have raised the morale in the building simply because of their genuine and sincere positivity. They are a true testament to General Nation. We conducted our annual art show on May 17th in the small gymnasium, where we illustrated all of the beautiful and magnificent talents of our art students. Thanks to the amazing art teachers, Mr. Bobal, Mrs. Brisken, Mrs. Gomez-Vance, Mr. Murs, Mrs. Muer, and Mrs. Maza. Senior variety show was held on May 19th, showcasing the talent of our seniors. A big thank you to Mrs. Reynolds, Mrs. Bissoondial, Mrs. Crystallo, the lighting and sound crew and the staff members who volunteered to participate. The final spring Orchestra and Chorus concert of the season took place on May 23rd. Kudos to Mrs. Musial and Mrs. Levenberg as well as all of our talented students for putting on a spectacular show for all to enjoy. Generals Breakfast on May 24th honored an astounding 119 senior academic standouts for excelling in the classroom over the past 4 years. Special thanks to our guidance chairperson Mrs. Hammer, all of our guidance counselors and of course to our academically gifted seniors for this special breakfast. Memorial Day 2023, under the direction of Mr. Romano and MacArthur Color Guard, under the direction of Mrs. Regan, marched their way down Hempstead Turnpike in the annual Levittown Memorial Day parade. More senior activities included our Senior Breakfast on 5/31, where each graduate received their caps, gowns and yearbooks. Immediately following the breakfast, all graduates took a stroll down memory lane by walking through the halls of Salk Middle School for the senior clap out and were able to reminisce back to the good ol' days. Special thanks to Mr. Z and the entire faculty staff and student body of Salk Middle School for greeting all graduates with thunderous applause and well wishes. For the seniors this will be a memory that will last a lifetime. June 1st was the very successful senior awards ceremony on our turf field. It was a beautiful night, both weather-wise and due to all the accolades our deserving graduates received and were honored for. Congratulations to all deserving seniors and of course to our scholarships and awards coordinator Mrs. Mirando, as well as our Master of Ceremonies, Assistant principal Mrs. Rao. The following evening on June 2nd, we had our beautiful senior prom at the Crest Hollow Country Club. 380 students attended this special event and all had a fabulous time. Just a reminder, the last day of instructional classes will be this coming Friday,

June 9th. In class final exams during regular class instruction, began on Monday and will conclude this coming Friday. Block time regents exams will be administered from June 14th through the 22nd, where a complete list and schedule of these exams is posted on the MacArthur HS homepage along with the busing schedule. Best of luck to all test takers. We just concluded a very successful spring sports season in General Nation. All teams competed with the heart and determination that makes all Generals proud and I'd be remiss to mention that in track and field, our Girls 4x400 meter team made up of Carly Krapowski, Caitlyn Barry, Yissable Perillo and Angelina Widmer finished the season as Nassau County Champions in this event. Special shout-out to Dylan Vargas for breaking the school record in the 400m hurdles and to our girls softball team for capping off their season as Nassau County Champions. Way to Go Generals! And Finally, but certainly not least the class of 2023's Graduation Day is Saturday June 17th at Hofstra University beginning at 1 PM. I still cannot believe the time has come.

And I would just like to say that the experience of being the Board's liaison, representing MacArthur High School this academic year has been a phenomenal experience for me and I am so grateful for the opportunity to present my reports which is shared with the beautiful Levittown community. This will be an experience that I will never forget, and I would just like to extend my sincere appreciation to all the members of the Levittown board of education as well as Superintendent, Mr. Winch, and his administrative team for this opportunity.

Christopher Evans - Division Avenue HS - Division Avenue High School hosted Spring concerts with the Band and Orchestra performing on May 15th and the Choir and Jazz band following with performances on May 23rd. In related news, the String Orchestra participated in the NYSSMA Major organization Festival at Hofstra on May 24th and received the highest ranking possible of "Gold with Distinction." This was a first for the DAHS String Orchestra. On May 24th Division Avenue hosted its annual art show with hundreds of visitors being treated to a display of the amazing talents of the students in the art program. The art show continues to be a shining example of how Division students exceed expectations with the support of great teachers. Also on May 24th, students in Ms. DiRusso's and Ms. Murphy's "College Writer" classes visited Summit Lane elementary school to read originally composed children's books to students in kindergarten through second grade. On June 2nd hundreds of students and staff members gathered in the gym for Division's annual culture fest. Students wore traditional clothing of their cultures, prepared typical foods and presented information about their heritage and culture to the interested visitors and their fellow students. Every year the tradition grows larger and more students get involved. Thank you to Ms. Wheeler and the PosiDiv club for organizing and growing this event! On June 5th Seniors took part in a "Senior Clap Out Ceremony" at each of the elementary schools they attend within the district. Students boarded busses to each school and processed through the halls to the cheers and clapping of their former teachers and the students. The seniors were led by elementary student-musician drum lines in each building. The event was a fun and nostalgic experience for everyone involved. On June 6th Seniors and their families gathered in the auditorium for our senior awards ceremony where 123 students in the class of 2023 were presented with awards and scholarships for academics, extracurriculars and strong character. For the first time we have 52 students receive the seal of Bi-Literacy and 64 students receive the Seal of civic readiness. On May 25th, the CD program participated in field day events. It was a morning of fun and excitement. The students participated in an obstacle course, corn hole, Bocci and more! Special thank you to Mrs. Walsh for organizing a great day. On Monday evening, members of the Tri-M Music Honor Society hosted their 6th annual Acoustic Cafe. Students and faculty performed beautiful music in the Foglia Garden. All proceeds will be donated to the Harmony Program-a NYC based foundation that provides after school music education opportunities for under privileged schools. A job well

done to all involved! DAHS congratulates Alex Gao on winning the 2023 Nassau County District Attorney's SHIELD award presented to high school juniors who showed outstanding character, commitment to self-growth and the spirit and initiative to bring about positive change in the community. DAHS also wishes to congratulate, Junior, Armaan Singh who was selected as one of the recipients of the prestigious Rensselaer Medal and scholarship award. This merit scholarship is worth \$30,000 per year, guaranteed for all 4 years and is awarded for promising students who have distinguished themselves in mathematics and science. DAHS also wishes to congratulate Abigail Montes for her recent success and recognition in Art. Abigail was selected to have her art displayed in the annual Long Island's Best Art Show at Heckscher museum and was then selected as the Virtual Visitor's Choice Award among all the works on display at the museum. This is an incredible accomplishment and distinction in itself but in addition to that Abigail recently had artwork selected to be displayed in the United States Capitol building in Washington D.C. Abigail's piece, titled "Oceana," was selected by the office of the 4th District Congressman, Anthony D'Esposito to be put on prominent display in the Congressman's office in the Capitol. "Oceana" was selected as the Top Mixed Media Piece for all of District 4. Our Orchestra received a gold with distinction rating at the NYSSMA majors for the level 5 program. That's the highest possible rating and Our highest rating in school history. On May 15th, 9 Division Avenue student-athletes were recognized for signing commitments to continue their athletic pursuits at the collegiate level. Division Avenue had several teams competing in the postseason this year after a very successful regular season wrapped up. The Softball team, the Flag Football team and the Baseball team all qualified for the playoffs. The Baseball team in particular had a very successful season going undefeated in the regular season with a record of 20-0, capturing the conference A3 title and the Nassau County Class A County Championship by dating Calhoun HS. I am honored to have been a part of these Board meetings speaking on behalf of Division Avenue HS. It's an experience I'll never forget and I'm incredibly grateful to all the Board members for presenting me with this opportunity.

RE: Capital Asset Reporting and Property Insurance Updating Services

Dear Mr. Fabiano:

CBIZ Valuation Group, LLC ("CVG") is pleased to submit our recommendations to provide capital asset and property insurance reporting services to Levittown UFSD ("the District"). These services are offered to NYSIR Subscribers at preferred rates to update your records in the years between your District's NYSIR Funded Valuation.

This proposal has been prepared based on our understanding of your needs and our experience providing these services to NYSIR Subscribers. Included herein is a summary of the anticipated scope of services to be provided, approaches and methodologies to be employed, the anticipated project schedule and work product, the District's responsibilities and an estimate of professional fees.

We appreciate the opportunity to submit this proposal and look forward to working with you on this engagement. Should you have any questions, please call Ed Charleston at (845) 987-6288 or via email at echarleston@cbiz.com.

Respectfully submitted,

CBIZ VALUATION GROUP, LLC

Scope of Services

The scope of this engagement is to provide professional capital asset reporting and insurance valuation updating services to the District. Our services are specifically designed to address:

- **Capital Asset Reporting:** Prepare reports that can be utilized by the District in its effort to assist with meeting GASB-34 and GAAP reporting requirements.
- **Property Insurance Reporting:** Prepare reports to be utilized by the District to assist in establishing insurable values, insurance placement and proof of loss documentation as they relate to the property insurance.

Updating Service

Limited Onsite Reconciliation - Purchase Reconciliation & Inventory: CVG will visit the District to record and reconcile current year additions consistent with the District's capitalization threshold. CVG's reconciliation will include:

- Reviewing current year purchase orders, cost records and other information provided by the District.
- When feasible, current year equipment purchases will be barcode tagged. *All equipment will need to be removed from original packaging.*
- CVG will also record and process current year disposals based on information provided by the District. *Disposals will not be verified by physical inspection.*
- All construction in progress (CIP) and capital project entries will need to be provided by the District. CVG will issue the District a template with previous CIP assets for the District to review with their auditors prior to submitting changes.

After the onsite portion of the project is completed and we are in receipt of the District's file, CVG will process the changes, update depreciation, trend all insurable values and produce draft reports.

Barcode tags provided to CVG by the District will be uniformly applied to non-tagged assets, as applicable. If tags are needed, we can provide the information and order form for our preferred vendor at discounted rates. We recommend ordering tags two weeks prior to the onsite visit.

Timeline and Deliverables

Before CVG can begin to develop reports, all District-supplied files should be provided. We will provide one set of reports within 30 days. Reports will be forwarded electronically in PDF format for review and revision. After delivery of draft reports, the District will have 30 days to review, make changes, or provide any comments. If necessary, CVG will provide one set of revised draft reports once they are reviewed by your auditor. Revised, finalized reports can take 15 business days to complete. If after 45 days the District has not provided any changes or comments, we will issue final reports. We will provide the following deliverables:

- Account Summary
- Accounting Summary

- Year-To-Date Depreciation Summary
- Current Year Additions Detail
- Current Year Disposals Detail
- Accounting Detail – By Location & Organization
- Insurance Summary*
- Insurance Detail*

**will be provided to NYSIR directly*

Standard of Value & Depreciation Methodology

CVG will utilize various costing methodologies to develop valuation conclusions. The sources may include the use of proprietary and third-party software, proprietary databases, technical pricing subscriptions, various publications, and the District-supplied information (purchase orders, capital project costs, financial statements, etc.). The standards of value for this engagement will include the following:

- **Original/Acquisition Cost:** The amount of money originally paid to acquire an asset. It generally includes costs such as transportation, set-up charges, taxes, engineering and architectural fees.
- **Book Value:** The amount of money originally paid to acquire an asset. It generally includes costs such as transportation, set-up charges, taxes, engineering, and architectural fees minus the accumulated depreciation. Depreciation methodology for this engagement will be Straight-Line Method / First-of-the-Month (Full Month) Convention.
- **Replacement Cost New (RCN):** As applicable to insurance valuations, it is the cost required to produce a property of like kind and materials at one time in accordance with current market prices for materials, labor and manufactured equipment, contractors' overhead, profit and fees, but without provisions for overtime or bonuses for labor and premiums for materials. Our replacement cost new conclusions will include deductions for standard insurance exclusions (i.e., underground piping, foundations, footings, excavation, grading, etc.). We will not take into consideration compliance with state or local ordinances or costs associated with demolition of property or the removal of debris. Partial losses may result in higher replacement costs as partial losses often require a substantial amount of repair in conjunction with the replacement process.
- **Depreciation Straight-Line Method:** The method of calculating depreciation by dividing the cost, less salvage, by the number of fiscal periods of useful life.
- **Depreciation First-of-the-Month (Full Month) Convention:** Assets are treated as being placed into service on the first day of the month they are acquired, even if they were actually purchased after the first of the month. For additions, depreciation is calculated for a full month in the month the asset was acquired.

For disposals, no depreciation is calculated in the month of disposition; rather, it is calculated through the last day of the month prior to disposal. Different depreciation methods or conventions are subject to an additional charge.

Engagement Exclusions

Any additional work needed on the service exclusions outlined below will be billed separately at our standard hourly rates of \$220 to \$300 and in accordance with CVG's standard expense practices, which include:

- **Opening Balance Reconciliation** - If your auditors used different amounts than those on our reports additional work effort will be necessary to correct. Adjustments to opening balance will require the District to provide CVG with detailed information (description, cost, acquisition date and useful life) to adjust previous year totals.
- **Data Entry Services** - include any information the District wants added to the reports that is not provided in the EAUS updating template.
- **Incomplete Submission** - the District has the ability to review draft reports and make one additional set of changes at no cost prior to finalization. Subsequent revisions after issuance of final reports will be considered additional services.

Optional Service

Capital Project Consultancy Service

Capital Projects and Construction in Progress (CIP): The District should review previously provided information and current year information thoroughly with their auditors prior to submitting the change form. For an additional fee, CVG can research and review the expenditure reports for capital projects or CIP. These services are provided remotely and require information to be provided from the District.

This provision shall survive the termination of this agreement for any reason, and shall apply to the fullest extent of the law, whether in contract, tort, or otherwise.

To the fullest extent permitted by law, CVG shall indemnify, defend and hold harmless the Subscriber (School District), its employees, agents and representatives, from any and all liability, losses, costs, damages, and expenses (including but not limited to reasonable attorney's fees and disbursements) from any claims, disputes, or causes of action arising out of operations performed or services provided under the contract..

Indemnification Procedures

If any action or proceeding (any of the foregoing being a "Claim") is threatened or commenced by any third party against CVG that School District is obligated to defend or indemnify under this Agreement, then written notice thereof shall be given to School District as promptly as practicable. After such notice and only so long as CVG's and the School District's interests with respect to the claim remain consistent, no conflict exists, and, in controlling the defense, CVG's insurance is not voided or otherwise compromised in any way, School District shall be entitled, if it so elects in writing within ten days after receipt of such notice, to take control of the defense and investigation of such Claim and to employ and engage attorneys to handle and defend the same, at School District's sole cost and expense, with the approval of CVG, which approval shall not be unreasonably withheld. School District shall enter into no settlement of a Claim that involves a remedy other than the payment of money by School District without the prior consent of CVG.

After notice by School District to CVG of its election to assume full control of the defense of any such Claim, and CVG's approval of selected counsel, School District shall not be liable to CVG for any legal expenses incurred thereafter by CVG in connection with the defense of that Claim. If School District does not assume full control over the defense of a Claim, then School District may participate in such defense, at its sole cost and expense, and CVG shall have the right to defend the Claim in such manner as it may deem appropriate, at the cost and expense of School District.

If any action or proceeding (any of the foregoing being a "Claim") is threatened or commenced by any third party against NYSIR or any of its CVG Involved Subscribers that CVG is obligated to defend or indemnify under this Agreement, then written notice thereof shall be given to CVG as promptly as practicable. After such notice and only so long as NYSIR or any of its CVG Involved Subscribers and CVG's interests with respect to the claim remain consistent, no conflict exists, and, in controlling the defense, NYSIR's or any of its CVG Involved Subscribers insurance is not voided or otherwise compromised in any way, CVG shall be entitled, if it so elects in writing within ten days after receipt of such notice, to take control of the defense and investigation of such Claim and to employ and engage attorneys to handle and defend the same, at CVG's sole cost and expense, with the approval of NYSIR and its CVG Involved Subscriber, which approval shall not be unreasonably withheld. NYSIR and its CVG Involved Subscriber shall cooperate in all reasonable respects with CVG and its attorneys in the investigation, trial and defense of such Claim and any appeal arising therefrom; provided, however, that NYSIR or its CVG Involved Subscriber may, at their own respective cost and expense, participate, through its attorneys or otherwise, in such investigation, trial and defense of such Claim and any appeal arising therefrom. CVG shall enter into no settlement of a Claim that involves a remedy other than the payment of money by CVG without the prior consent of NYSIR or its CVG Involved Subscriber.

After notice by CVG to NYSIR or its CVG Involved Subscriber of its election to assume full control of the defense of any such Claim, and NYSIR's or its CVG Involved Subscriber approval of selected counsel, CVG shall not be liable to NYSIR or its CVG Involved Subscriber for any legal expenses incurred thereafter by NYSIR or its CVG Involved Subscriber in connection with the defense of that Claim. If CVG does not assume full control over the defense of a Claim, then CVG may participate in such defense, at its sole cost and expense, and NYSIR or its CVG Involved Subscriber shall have the right to defend the Claim in such manner as it may deem appropriate, at the cost and expense of CVG.

Limitation on Damages

The School District agrees that CVG and its personnel shall not be liable to the School District for any claims, liabilities, causes of action, losses, damages (whether compensatory, consequential, special, indirect, incidental, punitive, exemplary, or of any other type or nature), costs and expenses (including, but not limited to attorneys' fees) in any way arising out of this engagement in any amount greater than the total amount of fees paid by the School District to CVG, except to the extent finally and judicially determined to have been the result of bad faith, negligence, or intentional or willful misconduct of CVG. This provision shall survive the termination of this agreement for any reason, and shall apply to the fullest extent of the law, whether in contract, statute, tort, or otherwise.

CVG agrees that NYSIR, its CVG Involved Subscribers, and their representatives shall not be liable to the CVG for any claims, liabilities, causes of action, losses, damages (whether compensatory, consequential, special, indirect,

incidental, punitive, exemplary, or of any other type or nature), costs and expenses (including, but not limited to attorneys' fees) in any way arising out of this engagement in any amount greater than the total amount of fees paid by the School District to CVG, except to the extent finally and judicially determined to have been the result of bad faith, negligence, or intentional or willful misconduct of NYSIR or its CVG Involved Subscribers. This provision shall survive the termination of this agreement for any reason, and shall apply to the fullest extent of the law, whether in contract, statute, tort, or otherwise.

Limitation on Distribution and Use

The report, the final estimate of value, and the prospective financial analyses included therein are intended solely for the information of the person or persons to whom they are addressed or directed by CVG and solely for the purposes stated; they should not be relied upon for any other purpose, and no party other than the School District or its CVG Involved Subscribers may rely on them for any purpose whatsoever. Neither the valuation report, its contents, nor any reference to the appraiser or CVG may be referred to or quoted in any registration statement, prospectus, offering memorandum, sales brochure, other appraisal, loan or other agreement or document given to third parties without the advance written consent of CVG. In addition, except as set forth in the report, our analysis and report are not intended for general circulation or publication, nor are they to be reproduced or distributed to third parties without the advance written consent of CVG. Notwithstanding the foregoing, in the event that the analysis and/or report are required to be disclosed pursuant to a lawful subpoena or a FOIL request, CVG will not charge a fee for such release of the analysis and/or report.

Not A Fairness Opinion

Neither our opinion nor our report are to be construed as an opinion of the fairness of an actual or proposed transaction, a solvency opinion, or an investment recommendation, but, instead, are the expression of our determination of the fair value between a hypothetical willing buyer and a hypothetical willing seller in an assumed transaction on an assumed valuation date where both the buyer and the seller have reasonable knowledge of the relevant facts.

Operational Assumptions

Unless stated otherwise, our analysis (i) assumes that, as of the valuation date, the NYSIR Subscriber and its assets will continue to operate as configured as a going concern, (ii) is based on the past, present and future projected financial condition of the NYSIR Subscriber and its assets as of the valuation date, and (iii) assumes that the NYSIR Subscriber has no undisclosed real or contingent assets or liabilities, other than in the ordinary course of business, that would have a material effect on our analysis.

Competent Management Assumed

It should be specifically noted that the valuation assumes the property will be competently managed and maintained over the expected period of ownership. This appraisal engagement does not entail an evaluation of management's effectiveness, nor are we responsible for future marketing efforts and other management or ownership actions upon which actual results will depend.

No Obligation to Provide Services After Completion

Valuation assignments are accepted with the understanding that there is no obligation to furnish services after completion of the original assignment. If the need for subsequent services related to a valuation assignment paid by NYSIR pursuant to this Agreement occurs, including updates, conferences, testimony, preparation for testimony, document production, interrogatory response preparation, or reprint and copy services whether by request of the School District or by subpoena or other legal process initiated by a party other than the School

District in regard to the School District, NYSIR agrees to compensate CVG for its time at its standard hourly rates then in effect, plus all expenses incurred in the performance of said services. CVG reserves the right to make adjustments to the analysis, opinion and conclusion set forth in the report as we deem necessary by consideration of additional or more reliable data that may become available.

No Opinion is Rendered as to Legal Fee or Property Title

No opinion is rendered as to legal fee or property title. No opinion is intended in matters that require legal, engineering or other professional advice that has been or will be obtained from professional sources.

Liens and Encumbrances

We will give no consideration to liens or encumbrances except as specifically stated. We will assume that all required licenses and permits are in full force and effect, and we make no independent on-site tests to identify the presence of any potential environmental risks. We assume no responsibility for the acceptability of the valuation approaches used in our report as legal evidence in any particular court or jurisdiction.

Information Provided by Others

Information furnished by others is presumed to be reliable; no responsibility, whether legal or otherwise, is assumed for its accuracy and cannot be guaranteed as being certain. All financial data, operating histories and other data relating to income and expenses attributed to the business have been provided by management or its representatives and have been accepted without further verification, except as specifically stated in the report.

Prospective Financial Information

Valuation reports may contain prospective financial information, estimates or opinions that represent reasonable expectations at a particular point in time, but such information, estimates or opinions are not offered as forecasts, prospective financial statements or opinions, predictions or as assurances that a particular level of income or profit will be achieved, that events will occur or that a particular price will be offered or accepted.

Actual results achieved during the period covered by our prospective financial analysis will vary from those described in our report, and the variations may be material.

Any use of management's projections or forecasts in our analysis will not constitute an examination, review or compilation of prospective financial statements in accordance with standards established by the American Institute of Certified Public Accountants (AICPA). We will not express an opinion or any other form of assurance on the reasonableness of the underlying assumptions or whether any of the prospective financial statements, if used, are presented in conformity with AICPA presentation guidelines.

Governing Law

This Agreement shall be governed by and construed in accordance with the laws of the State of New York, without regard to conflicts of law principles. The parties hereby irrevocably submit to the jurisdiction of the federal or state courts in the State of New York, specifically and exclusively in the State or the Federal District Court located in the County of Nassau in the State of New York, over any dispute or proceeding arising out of this Agreement and agree that all claims in respect of such dispute or proceeding shall be heard and determined in such court. The parties to this Agreement hereby irrevocably waive, to the fullest extent permitted by applicable law, any objection that they may have to the venue of any such dispute brought in such court or any defense of inconvenient forum for the maintenance of such dispute.
