Success for Every Student

Dr. Beth Ziropiannis
Assistant Superintendent for Curriculum & Instruction
516-434-7025
Fax: 516-520-8408

Dear Parents or Guardians,

Each year, students in grades 3-8 take New York State tests in English Language Arts (ELA) and Math. Students in grades 4 and 8 also take the New York State Science exam. New York State assessments measure how well students master the learning standards that inform classroom instruction. Please refer to the Parent Report in the parent portal to review your child's results for the 2022 test administration. You can see the attached document if you need further clarification about where to find this information in the portal. The portal should be accessed via a computer, not the mobile app, for the best viewing experience.

These results, in concert with the conversations you have with your child's teachers, can help you to identify areas where your child may need additional support. Please keep in mind that this is only one data point used to understand how a child is progressing academically.

For more information, you can refer to the Parent and Family Resources page at [NYSED- Parent Resources](#).

If you have specific questions regarding your child, please contact your child's school.

Sincerely,

Beth Ziropiannis, Ed.D
