

Dear Parents\ Guardians,

The winter High risk sports seasons are now in full swing. We are fully aware how devastating it has been for all of us to endure the impact of COVID and its effects on our athletic community.

As a parent myself I know firsthand how frustrating it will be not to attend your student /athletes contests. To that end and with the unwavering cooperation of our IT Department we will be **live streaming** our home contests via youtube through your home schools accounts. The links appear on the bottom of this letter.

Please support our efforts for live streaming by **subscribing** to our youtube Levittown channel, the option will appear when you activate your live stream.

We are committed to salvaging what we can for the remainder of the athletics seasons.

Sincerely,
J. Keith Snyder
Director HPEA
