Dear Cross Country and Track & Field Parents/Guardians,

Please be advised that on occasion, our student-athletes may be asked to participate in training runs that take place outside of school district property. These practices may be conducted on neighborhood streets and sidewalks, and always during daylight hours during scheduled practice times.

We ask that you review this form carefully and sign below to indicate that you are aware of and give permission for your child to participate in this type of training. Your support ensures that our athletes can train safely and effectively as part of their athletic development.

Thank you for your cooperation and continued partnership in supporting our athletic programs.

Sincerely,

John Coscia
District Athletic Director
