

*Corona virus, everyone home, washing hands,  
No more concerts, shows or bands,  
President Trump, Governor Cuomo, medical teams,  
Everyone helping, making new dreams,*

*Social distancing, six feet apart,  
Lysol, Clorox, wipe down your cart,  
Rainbows, bears in windows galore,  
Spreading cheer ever so more.*

*We are together, no longer apart,  
A united nation with one giant heart,  
We're working together to get everyone well,  
First responders are amazingly swell,  
Everyone home protecting others,  
Doing this for our sisters and brothers.*

*Edmodo, computers, less paper and pen,  
Homeschooled, less tests, working in my den,  
Roblox, Minecraft, other games too,  
Help me feel not so blue*

*Homecooked meals, doing chores,  
Cleaning the table, even the floors,  
Late nights, movies, long family walks,  
Puzzles, LEGOs, video talks.*

*We are together, no longer apart,  
A united nation with one giant heart,  
We're working together to get everyone well,  
First responders are amazingly swell,  
Everyone home protecting others,  
Doing this for our sisters and brothers.*

*Lots of death, people are strong,  
Working hard, recovery long  
No graduation, no good-byes, no regents test,*

*New norms, staying in, doing our best,*

*A long day, a long night,  
Staying together during the fight,  
Reading, baking, arts and crafts,  
Learning new things, building a raft.*

*We are together, no longer apart,  
A united nation with one giant heart,  
We're working together to get everyone well,  
First responders are amazingly swell,  
Everyone home protecting others,  
Doing this for our sisters and brothers.*
