Parents and Guardians of Wisdom Lane Students,

Wisdom Lane Middle School is excited to announce that we will now be offering the convenience of online registration for athletics, intramurals, and various school trips and programs through FamilyID (www.familyid.com). FamilyID is a secure registration platform that provides you with an easy, user-friendly way to register for our programs, and helps us to be more administratively efficient and environmentally responsible. When you register through FamilyID, the system keeps track of your information in your FamilyID profile. You then have the ability to enter your information only once for each family member for multiple uses and multiple programs. This program is currently being used by surrounding Districts, and the reviews have been extraordinarily positive. Starting with the Fall, 2018 Season, Family ID will be the **REQUIRED METHOD FOR REGISTERING YOUR SON/DAUGHTER FOR INTERSCHOLASTIC ATHLETICS**. Some of the benefits of utilizing this system include but are not limited to:

Ease of Access of Emergency Information: Your child's emergency information, including allergies and emergency contacts, will now be one button away for any faculty or staff member who is responsible for them at an extracurricular school function. This will ensure that, in case of an emergency, all relevant information can be accessed and shared in the most efficient manner possible.

Efficiency of the Registration Process: Once you create the profile for your son/daughter, fields such as date of birth, address, emergency contact, special instructions/considerations, etc. will be saved for you. These will then be **AUTOMATICALLY** applied to any sports or programs that you register your child for. You will not have to repeatedly fill out this information unless you need to make a change or add special instructions. Registration will now sometimes be as simple as checking off the program you are consenting to and providing your electronic signature.

Peace of Mind: In utilizing an online registration system, parents will have the ability to easily check what programs they have registered their child(ren) for. Forms will no longer be lost in transit. If there is a problem with your registration (i.e.; expired medical clearance), you will be notified of that immediately and will be able to rectify the situation at your earliest convenience. Additionally, you will have the ability to update forms via scanning and uploading from your computer OR through the camera on your mobile device.

Data Privacy: FamilyID is a service that Wisdom Lane has paid for but is **FREE** for parents to use. As such, we now have the ability to limit your child's information to only the faculty and staff for whom it is necessary and only for the time period during which it is required.

Payments: This feature is not yet available, but in the future you will be able to pay for any school functions that include a cost via FamilyID. You will be able to have peace of mind knowing that all registration obligations are taken care of prior to the event.
